

Automatic/Manual Mortar Mixer, 5 litre nominal capacity

BS 3892-1, 3892-3, 6463-103, 4551-1
EN 196-1, 196-3, 413-2, 459-2, 1015-2, 1744-1, 13279-2,
13395-1 ISO 679

- **Microprocessor control**
- **Choice of automatic mixing cycles**
- **Sand and water dispenser options**

The mixer is designed to mix mortars and cement pastes primarily to the requirements of EN 196. The mixing paddle has a planetary motion and is driven by a motor with a microprocessor based speed and program controller. The mixer can be operated either in an automatic or manual mode. When the mixer is used in the manual mode, the two mixing speeds can be changed by means of a rocker switch, without switching off the motor. In the automatic mode any one of the pre-set mixing programmes may be selected.

Specifications

Speeds (rpm).	Paddle	Mixing Head
Low	140 +/- 5	62 +/- 5
High	285 +/- 10	125 +/- 10
Bowl capacity.	5 litres (approx.)	
Rated power.	180 W.	
Dimensions (l x w x h).	530 x 350 x 580 mm.	
Weight.	54 kg.	

Ordering Information

39-0031/01 Automatic/Manual 5 litre nominal capacity
Mortar Mixer. Complete with bowl and paddle.
For 220-240 V AC, 50-60 Hz, 1ph

Accessories
